Read Election Instructions From

STATE CHAIRMAN ASHBY.

Headquarters People's Party
Fort Worth, Texas.
October 9, 1894.

Your attention is called to the following provisions of our election law:

1st. Voters are required to vote in the election precinct in which they reside at the time of the election, and they must have resided in the state twelve months next preceding the election and at least six months in the county or district in which they offer to vote. No definite period of residence is required in the election precinct—a days residence is sufficient if accompanied by the intention to remain permanently therein.

2nd. When the right of a voter to vote is challenged, he may, unless seeking to vote in a city of 10,000 population or more, under the law, establish such right by his own oath taken before the managers of the election, and when he does so establish his right the managers are required to receive his vote.

3d. The law makes it the duty of the presiding officer of the election to appoint two judges and two clerks, to be selected from the different political parties as far as practicable if demanded. In precincts having more than one hundred voters in the last preceding election he is required to select three judges and four clerks, to be selected from the different political parties so far as practicable, if demanded. These appointments by the presiding officer may be made either before or on the day of the election, and I suggest that a formal demand in writing be made at once on the presiding officer for the appointment of one manager or judge from the ranks of the people's party this demand should be renewed in writing on the day of the election and before the polls are opened. It is of vital importance that our people be represented on the board of managers of every voting precinct in the state.

4th. If no presiding officer has been appointed for any precinct, or the one should fail to attend on the day of election, or refuse or fail to act, the voters present at the precinct voting place may appoint a presiding officer. A presiding officer so appointed has all the power and is required to discharge all the duties imposed by law on presiding officers appointed by the commissioner's courts, including that of appointing judges and clerks of election.

5th. The presiding officer administers the oath of office to each judge and clerk, and one of the judges is required to administer the oath to the presiding officer, as provided by Title 34. Chap. 2, Articles 1674 and 1675 of the Revised Civil Statutes.

6th. The ballot may be either written or printed, or written in part, or printed in part; but it must be of plain white foolscap paper, and the writing or printing must be in black ink or pencil.

7th. Nothing can appear on the ballot but the names of the candidates and the offices to be filled, and the name of the political party whose candidates named on the ticket. Be careful that no mark, picture or device of any kind is placed on the ballot. See that nothing of the kind appears on the face of the ticket, or is concealed by any folding of the ticket. Look well to this.

8th. Do not paste the name of a candidate over that of any other candidate on the ticket, and be careful that no two ballots are folded together when cast.

9th. When a ballot is handed to a manager or judge, the law requires that each of the clerks shall write and number the name of the voter, and that the judge receiving the ballot shall write upon it the voter's number corresponding with the number on the clerks list. See that this is done in every case

10th. The law provides, that any political party may select a representative man as a witness of the counting. Do not fail, therefore, to have a good reliable member of our party to witness the count. This is all important.

11th. It is suggested, that each of our voters mak out his ballot in duplicate, depositing one and reserving the other for use in case of contest.

12th. Referring again to the question of residece, you will bear in mind that all changes of resident do not disfranchise voters. Where a voter removes from one voting precinct to another in the same county, he can legally vote for all state and county officers, provided he has resided in the county six months and in the state twelve months. Where he removes from one county to another in in the same representative, senatorial or congressional district, he may vote for all state officers, and officers in the district in which he resides. It will be seen that to entitle one to vote for county officers he must in addition to twelve months' residence in the state have resided in the county for 6 months next preceding the election. The same rule prevails with voting for district officers, i, e., the voter must have resided in the district for six months before the election. Where, therefore, one has removed from one district to another within less than six months before the election, he will not be entitled to vote at all

I would earnestly request you to see that the proper election ticket in your county is prepared in conformity with the statute, Article 1694, Sayles' Civil Statutes, note 1687, R S. of Texas. The ticket should be headed: "People's Party Ticket." Then the names of Peoples Party nominees for state offices should follow, commencing with the governor, then the congressman, then the senator and all district officers, then floater, then the names of all the People's Party nominees for county offices, including precinct offices, then let the names of the candidates be follwith:

"For the amendment to section, 51 article 3, of the constitution of the state of Texas.

"Against the amendment to section 51, article 3, of the constitution of the state of Texas,

"For the election of railroad commissioners.

"Against the election of rail road commissioners.

The following is a correct list of our state candidates.

For Governor.
Thomas L. Nugent.
Lieutenant Governor,
Marion Martin.
Attorney General,
R. V. Bell.
Treasurer,
Henry E. McCulloch.
Com. General Land Office,
S. C. Granberry.
Comptroller,
E. O. Meltzen.
Sup't. of Public Instruction,
E. P. Alsbury.
Chief Justice of the supreme court,
E. L. Dohoney.

I think it unnecessary to warn you against campaign lies, they will be told all over the state, pay no attention to them. For instance, last campaign it was told by democratic speakers that Gen. J. B. Weaver was a thief during the war and tried to prove it, this year the democrats of the 9th districts in the state of Iowa have nominated Gen. J. B. Weaver for congress, thus you see that campaign lies are unreliable.

This is the last letter I will have the opportunity to write you, be sure that you have good fearless men at each voting place. On day of election see that there is no intimdation of voters and be sure to have your judges on the election board as stated above.

Yours for success,
H. S P. ASHBY,
Chairman State Ex. Com.

THE tariff bill is a miserable makeshift—Courier Journal.

A Marvelous Showing.

The U. S. Government, through the Agricultural Department, has been investigating the baking powders for the purpose of informing the people which was the purest, most economical and wholesome.

The published report shows the Royal Baking Powder to be a pure, healthful preparation, absolutely free from alum or any adulterant, and that it is greatly stronger in leavening power than any other baking powder.

Consumers should not let this valuable information, official and unprejudiced, go unheeded.

Editor Democrat:

I will give you a few dots from this community.

Health is very good.

Look out for weddings this winter, in this community.

Rev. Hunt preaches at Upper Rowlet on the first Sunday in each month.

Rev. B. J. Forbes preached for us last Saturday night and Sunday. He took his text in Proverbs 4 and 39; He that oppresseth the poor reproacheth his maker, but he that honoreth him hath mercy on the poor. From this text he showed the temperal duties of the christian which his congregation gave close attention to. His subject for Sunday was christian union; John 17:20 and Eph. 4:3 which he made very plain. We can say with pleasure that he made many warm friends while here

To see the amount of cotton being marketed now in McKinney and other towns one would naturally look for good times, yet the prices will not permit of their taking the goods from the shelves of our merchants in sufficient quantities to feed and clothe them well. Merchants, study over this condition and, at least, confer kindly with the men who furnish the wealth.

Bois d'Arc Locals.

The rush of cotton picking is still the leading feature of the day, the demand for pickers is great. Some corn is being gathered in this community.

The people of this community would get rich much quicker if they would abandon so much cotton raising and introduce the onion culture instead. We have an example of this in our neighborhood.

Henry Taylor says he has the best cotton this year of any one in this community, truly I am inclined to think so. Prof. C. M. Curtis is visiting his old Tennessee friend, T. M. Hinsley, at this writing. Charley is well pleased with the country round about McKinney. He will teach this year at Leon Junction, Coryell county, Texas, about 200 miles south west of McKinney. We wish him success in his work.

Messrs. Joe Driver Auce Amonet gave Mr. Henry Taylor and family a social call Saturday evening last. We know not what their object might have been, but our supposition is that they were interested in matrimonial subjects.

Alfred Roberts is picking cotton for J. H. Linsley.

Dick Kirkland, John Taylor and others took an o'possum hunt Saturday night.

Mr. Lewis Rutherford and Miss Fannie Harris, of this section, were happily married Sunday afternoon last. We extend to the young couple our best wishes as to a happy and prosperous life in the future.

Bowlby school has purchased a set of Kennedy's mathematical blocks for the use of their school. All schools should take the same steps in respect to this.

Mrs. Robinson is improving in health.

Mr. Joe Davis and wife gave Helms neighborhood a visit right recently, visiting the sick we understand.

R. H. Cogburn says he will enter the Collegiate Institute in about a month.

Simon Taylor has almost decided to enter Weston Academy soon.

Wonder when the Local Option election for McKinney will be called.

R. B. Hinsley who has been sick for a while is convalescent.

Sim Pistole says if he ever gets out of Thompson's gin alive this year he will never work with one again.

R. H. Cogburn has purchased a bran new $35 gold watch.

School will begin here soon.

Wonder where T. O. Murray has located! Wonder why he doesn't give us the of news his city! Wonder if Owen Murray will make the race next election for County Supt.

Respectfully.

Abandons Democracy.

Fort Collins, Col. Oct 17.—Judge Jefferson McAnelly, for many years one of the most influential democrats of northern Colorado, has resigned as a member of the democratic state central committe and joined the populists. He says the democrats have broken their promise to restore silver to its rightful place in the coinage of the country and he cannot longer follow the leadership of Cleveland,

John H. Reagan and Gov Hogg are advising the people of Texas to vote against their political beliefs, just for the sake of the p-a-r-t-y.

Vote for the p-a-r-t-y, and get $1 per bushel for your wheat. Rate!

Vote for the G. O. P. and 4 cents for your cotton. Rate!

If you can't stand on it (the platform) get down under it like a yellow dog and follow in the train of some one that can drive.--J. S. Hogg, after the Dallas convention.

Investigation in Alabama shows one of the most stupendous frauds erver perpetrated at the ballot box. In Wilcox county, a majority of over 6000 for Oats when less than 800 were polled in the county. One precinct returns 391 votes for Oats, yet in that particular precinct no election was held. In Lownder county Oats had a majority of 194 and the board returned a majority of 4653. These are only a few samples of the many investigation has brought to light.—Journal, Murphysboro, Ill.

We demand that the untaxed notes of state or national banks shall be the only paper money, and that the government shall, with the development of a banking system adequate to the demands of trade, retire as rapidly as possible all its legal tender money.—(Dem. VOTE the populist ticket.

"Give us a change" we cannot be worsted.

Who is going to explain Bailey's "explanations?"

The massses have been voted into the "hole." Their only salvation is to vote out.

FOR extravagance, the present administration takes the cake.

Many voters who will not vote for populism, will go fishing.

The democratic voters are burdened with apathy.

Mrs. *Annie Wright*

They Said She Would Die

But Hood's Sarsaparilla Proved Its Merit.

The following statement will be of interest to the many friends of Mr. Wright all over Alabama and Georgia. He was for ten years a locomotive engineer, and is now machinist for the Coosa Manufacturing Co.:

"I know the good there is in Hood's Sarsaparilla, because it has been proved in the case of my wife. In the summer of 1892, she was taken ill with malarial fever, which the physicians succeeded in breaking up. But then followed a severe illness like dropsy. She seemed to be growing worse every day, and our friends said

She Would Surely Die.

I was induced to have her take Hood's Sarsaparilla, which was followed by the best results. She has now taken eight bottles and has used six boxes of Hood's Pills, and is in perfect health, as well and hearty as ever. We think God for such a valuable medicine as Hood's Sarsaparilla." H. A. WRIGHT, Piedmont, Ala.

AN HONEST AND BRAVE DECLARATION.

We have a democratic administration, president, senate and house of representatives. If the first act of that administration be demonetization of silver, then good-bye democracy; it has lived only too long.—McKinney Enquirer.

IF it were not for the gang of "stompers" from the towns that accompany them out the numerous lawyer defendants of guilty democracy would receive mighty cool receptions at the hands of betrayed toilers.

McKinney, Tex., Oct. 24, '94.

We noticed one Mr. Farmer, of FANNIN county, on our streets last Wednesday in company with a candidate ON THE "STRAIGHT" DEMOCRATIC TICKET for a county office.

The same "straight" democratic candidate was taking special care to show the gentleman from FANNIN county to the republican boys of McKinney.

Now the "straight" democrat candidate may find it hard to explain to the republicans why Mr. Farmer is the nominee of the republican party and at the same time convince them why they should vote for him, the said "straight" democratic candidate for a county office

Wonder if somebody isn't scared for Mr. Bailey? How is it Mr. "Straight" democratic candidate for a county office?

A REPUBLICAN.

Farmers who intend scratching the name of J. Mart Rollins for senator from this district consider well what you are about to do. Remember that the great burden of your woes is directly traceable to your choosing men to make your laws, who are not in genuine sympathy with you. This is not due every time to dishonesty on the part of your chosen representatives, but most frequently because your legislators being mainly lawyers, have never been brought face to face with the actual demands and needs of farmers and consequently do not watch your best interests with that zeal and earnestness that would characterize one of your own number.

Mr. Rollins is a well informed, intelligent and hard workidg farmer, having never followed anything else and is thoroughly acquainted with your every interest. Vote for him. He is actually engaged in farming, selling 4 1 2 cent cotton like you and consequently feels keenly your wants. Vote for him and you will have cast a ballot for a man of sterling qualities and superior ability and though his brawny features bear witness to years of toil and clothed in homely jeans you will find in him a representative true and devoted to your every trust.

BAILEY is telling at points in the district that Browder was "turned out" of the Gainesville parsonage which is another one of Bailey's "dignified" tricks. We will, in our next issue, present an authentic denial of this latest story. The denial is in a Gainesville paper.

BANKRUPT BAILEY forgot to say anything about his debts at Wylie Monday night.

AN INSULT!

THE McKINNEY EXAMINER GIVES ADVICE.

JUDGE T. L. NUGENT IS SPEAKING IN THE OPERA HOUSE TO A LARGE NUMBER OF HIS DELUDED FOLLOWERS, WHO OUGHT TO BE PICKING COTTON INSTEAD OF LISTENING TO HIS HARANGUE.—McKinney Examiner, Oct. 17 '94.

As a fair specimen of democratic rot, of dense ignorance or concentrated cussedness, void of every principle of manhood, of human feeling and christian charity, we reproduce the infamous squib which contains an insult to every honest citizen of this county without regard to political belief or religious bearing. We are not advised whether this dirty squib emenated from the "brains" of the woud-be "editor" of "the leading democratic paper of Collin county" or from the dignified christian, "horny handed son of toil" who owns and controls the Examiner.

How would the gentleman, who penned the above squib, like to see his own dear wife and little ones bending their backs by HIS side picking cotton from early morn until darkness comes to relieve their tired frames? How would he like to sit at a meagre meal with a family half clad, gazing into the sunburnt wrinkled features of a wife, whose health is impaired, whose hopes are dimmed by the ravages of avarice and greed? How would he like to gaze upon a number of his own offspring who ought to be in the school room, but are kept in the "cotton patch," the victims of ignorance? These conditions are in existence and the Examiner is heartless enough to deny it. It would rather see the producers of this country kept in ignorance and compel them to raise five cent cotton in order that such leeches as it can subsist outside the "cotton patch" at the feet of its master —Avarice.

If any one of its political masters had spoken in McKinney it would not have been a crime to listen to a harangue of inconsistencies. No! he would not have advised the hearers thereof to "pick cotton."

Who knows but what a good cotton picker was spoiled when a certain gentleman became a "lawyer," or a good rail splitter lost when a certain gentleman was made a faber pusher!

In all seriousness, let the public denounce such a spirit either in the press, pulpit or on the rostrum. We want to see progress; we want to see the banishment of ignorance and prejudice. Investigate; let the masses turn from the narrow grooves of the past. The managers of the Examiner would have done well to have listened to the learned words of T. L. Nugent on the above named occasion. They might have learned a lesson of patriotism, of devotion to their race, of political and christian charity.

There will be a grand rally of populists at Bonham, Nov. 3. Judge T. L. Nugent and Stump Ashby will be the principal speakers. A torchlight procession and bands of music are a part of the program. A large attendance from all over this congressional district is expected.

Not withstanding this being the third year in succession that Sells Bros'. Circus has visited McKinney. Our city fairly swarmed with surging humanity, Monday, bent on again seeing what is probably the greatest show on earth. A great street parade at 10 o'clock caused the people to push and jam in their efforts to see the big elephants and funny clowns and impresse1 one with the size of the crowd, especially, when trying to get favorable positions from which to see the grand pageant. Three performances; one at 11 a. m., one at 2 p. m. and one at night. Sells Brothers may take a great deal of money out of Texas, but they surely give value received. For under its spacious new canvass the poor can see much for twenty-five or fifty cents that would require too great a sacrifice of money and time for them to otherwise ever enjoy, and the DEMOCRAT cannot join with a certain class of more fortunate citizens, ni criticising the brawny sons of toil for indulging in one day's recreation out of a whole year of incessant labor, though it does cost twenty-five or fifty cents.

The Payton Opera company has given the people of McKinney excellent renditions each night this week to date. Wednesday night especially a good sized audience greeted the talented players who rendered the comedy entitled, "A Regular Fix." Never was there heard within the walls of Heard's opera house greater roars of applause. The audience were perfectly delighted and proved their appreciation by continued outbursts of applause and laughter. After the close of the comedy "Living Pictures" were presented in the most beautiful and artistic manner. Those who have not attended should take advantage of the remaining nights this week. Friday night "East Lynne" will be presented.

MARRIED:—At the residence of the bride's parents, Mr. and Mrs. Ed Bowin, Will Burton and Miss Anna Bowin were united in marriage by Eld. A. P. Terrell Wednesday evening, Oct. 24. The DEMOCRAT extends to the highly esteemed young people its best wishes for a long and happy married life.

Wednesday was retail grocerymen's day at the State Fair and a number of McKinney's energetic representatives were in attendance, among whom were, J. M. Berry, T. H. Jones, J. G. Anthony, J. E. Wilson, G W. Fox, J. M. Andrews, T. J. Melton and Frank Wilcox.

For amendment to section 51, Article 3 of the constitution of the state of Texas.

Against the amendment to section 51, Article 3, of the constitution of the state of Texas.

For the election of railroad commissioners.

Against the election of railroad commissioners.

The above is a copy of the straight People's Party ticket, which will be placed before the people of Collin county. Read it carefully so as to become familiar with the names and the different offices which they represent. The amendment to section 51, Article 3 is to change the constitution in order that a home for indigent and disabled confedrate soldiers providing that not over $100,000 be appropriated in any one year. The amendment to section 30, Article 16 provides for the election of railway commissioners to serve for a term of six years, providing that at the first election after adoption of the amendment one commissioner serves two years, one four years and one six years; thus at all succeding election one commissioner will be elected.

MONEY is no item with Tommy Jones, cheap groceries is what he keeps.

We understand that J. W. Bailey denied, at Wylie Monday night, that he flourished a knife and threatened to cut his opponent's throat on the night of the Bailey-Browder discussion in McDougal's Opera house in Denison. So this denial leaves it simply a question of veracity between J. W. Bailey on one hand and the Democratic press and citizens of Denison on the other.

Buck Wilson has had two real sick children this week.

Mrs. W. D. Davis and daughter, Miss Josie, are at the fair to-day.

A communication from Blue Ridge will appear next week.

Mrs. Mollie Rogers and her daughter, Georgie, are visiting relatives in Oak Cliff this week.

A Republican Wolf.

The Hesperian copies from the Houston Post an article against U. M. Browder. It calls him a "republican wolf." But the Macomb, Ill., Daily Journal, Republican, says that while Browder was in the north he roused hot shot into the republican party. Who knows best, the editor of the Daily Journal or the Hesperian, Post and Company? It is slander to call Browder a republican and it is done for no other purpose than to create prejudice against Browder of whom the democrats are afraid in fair debate.

BAILEY'S CANVASS.

Mr. Bailey has come and gone. His efforts to defend the democratic party in this county was a signal failure. He tried to excuse the party for its "mistakes" by showing that republican evils were so deeply seated that it will take a long time to remove them. His whole fight was on the "pops," yet he says they don't amount to anything.

He only had 160 hearers by actual count, four of whom were ladies. He spoke with very little energy or enthusiasm. He went from Bowie to Sunset where he met less than fifty persons. This so discouraged him that he abandoned his appointments in the eastern part of the county. He was told by a democrat of long standing that it would be necessary in the east part of the county, as they had all gone populist, so he decided to take the advice given and stay away from them as "they were "formed to their idees."

The short notice given Mr Bailey by the Cross Timbers shows the weakness of their cause.

Bailey has "assumed the roll of a blackguard," so says a democratic paper, and the people are beyond the reach of such orators.

Mr. Bailey stood higher in the estimation of the people of this county as a speaker and representative before he came here than he now does.—Bowie Headlight.

Buy you a lot in Balls City while you can get choice. It is the coming place in the Gulf Coast country. Write to E. H. Porter at Galveston, Texas.

For Sale: A house and lot in McKinney, cheap. Apply at THE DEMOCRAT office.

Balls City.

It seems that the gulf coast is to be the most desirable place for settlers in the great South West. The city referred to above is attracting much attention. Secretary E. H. Porter, of Galveston, is being overwhelmed with correspondence making enquiry about Balls City and the fertile fruit and vegetable land surrounding it.

Stock is being fast taken up in the Commercial Travelers City Company and the enterprise is moving at a rapid gait. A fine hotel and many beautiful cottages are in course of construction. Farmers are turning their attention to the surrounding country. It is a fact that the climate is delightful and the conditions most favorable for health.

Get ready for hard times; Pay debts while you have got the money. H. C. Herndon's notes and accounts are due, and he wants the money. Call and pay him.

The Farmersville Record, a new, ably and neatly printed journal, by John Hardin editor and W. B. Lehman publisher, is on our exchange table. The DEMOCRAT gives it a welcome and wishes for it success.

Stump Ashby was interviewed by a Dallas News reporter Saturday. Ashby predicts a revolution in politics. Populists are gaining wonderfully in all parts of the country.

Wonder if J. L. Greer's business will prevent his meeting his opponent, Mr. Doyle, in joint discussion in McKinney Saturday Nov. 3?

Miss Margie A. Fulenwider, fomerly with Wylie & Baldwin, left for her home in St. Louis Wednesday morning. She will take charge of the millinery department in the Kentucky Store in the spring.

The remains of Prof. Graham, principal of the Celeste public school, arrived over the East Line Tuesday evening and were buried in Pecan Grove Cemetery by the side of his sister, the late Mrs. Prof. Westbrook.

One of McKinney's society young men evidently considered himself very fortunate show day. After escorting a fair Miss to the show grounds she refused to have him squander any money for her and purchased her own ticket. He, smilingly, submitted to her wish and says the circus was out of sight.

Several gins are idle part of the time this week, thus losing some fine ginning weather. All of which is caused by the inability of the farmers to pay for picking at the present poverty prices of cotton.

Uncle Hugh Woody, a pioneer of Collin county, and one of the only two living voters who cast ballots in the first election ever held at Farmersville, called on us yesterday and signified his appreciation of the DEMOCRAT in a substantial way by paying for two years subscription.

Mr Woody is a hale old gentleman in his 81st year, and is a staunch believer in the principles of Populism.

The World's Tribute to
Dr. Price's Cream Baking Powder
Highest Honors Awarded by the World's Columbian Exposition, Chicago, 1893

World's Fair HIGHEST MEDAL

awarded to

Dr. Price's Cream Baking Powder

The highest award was given on every claim, comprising superiority in leavening power, keeping properties, purity and excellence. This verdict has been given by the best jury ever assembled for such a purpose, backed by the recommendation of the Chief Chemist of the United States Department of Agriculture, Washington, D. C., who made an elaborate examination and test of all the baking powders. This is pre-eminently the highest authority on such matters in America.

This verdict conclusively settles the question and proves that Dr. Price's Cream Baking Powder is superior in every way to any other brand.

NOTE.—The Chief Chemist rejected the Alum baking powders, stating to the World's Fair jury that he considered them unwholesome.

Lincoln J. Carter's great scenic production, the "Tornado," opened the season at Heard's Opera house Friday evening, and a grand production it was too. The play was given in five acts, abounding in realistic scenes and incidents that kept up a continual rotation of holy horror, followed by side-splitting convulsions of laughter, and vice-versa. The tornado scene in the first act would cause a genuine old Kansas twister to dwindle down in mildness to an ordinary little every-day whirlwind. The plot was interesting and the artists clever. In securing this company, James A. Barnett has proven that he is "the" manager.

Lacy—Russell.

Mr. L. S. Lacy, of McKinney, and Miss Birdie Russell were married Sunday evening, Oct. 14th, at 7.30 o'clock, at the home of Mrs. J. N. Russell, the bride's mother, Eld. J. P. Adcock officiating. There was a large number of invited guests present to witness the ceremony.

Messrs. Ed. McChesney and Mote Shirley and Miss Willette Love of McKinney and Miss Alice Douglass of Melissa were the waiters. An elegant supper was served. The bride and groom were the recipients of a number of nice presents.

A large circle of friends will bid the happy couple the best of wishes, and the Post-Mirror adds its congratulations.

The bride and groom remained in Pilot Point until Tuesday morning when they left for McKinney, which will be their future home.—Post-Mirror.

JUDGE MILLER.

Esq. L. L. Miller, populist candidate for county judge, who lives at Farmersville, is very much disappointed on account of his inability to thoroughly canvass the county. In addition to his official duties which confines him to his home, a greater amount of the time he has been the victim of a long spell of sickness. Also other sickness in his family has prevented him from the canvass. Judge Miller is well known throughout the eastern part of the county, where he has lived for several years. Many democrats have tested their regards for him with their votes in the past. He is a fearless, honest advocate of the populist cause, an able gentleman and recognized so by members of all parties who know him. If elected county judge he will discharge the duties of the office in an able manner, void of all favoritism—vote for L. L. Miller for county Judge.

There is no medicine so often needed in every home and so admirably adopted to the purposes for which it is intended, as Chamberlain's Pain Balm. Hardly a week passes but some member of the family has need of it. A toothach or headache may be cured by it. A touch of rheumatism or neuralgia quieted. The severe pain of a burn or scald promptly relieved and the sore healed in much less time than when medicine has to be sent for. A sprain may be promptly treated before inflammation sets in, which insures a cure in about one-third of the time otherwise required. Cuts and bruises should receive immediate treatment before the parts become swollen, which can only be donewhen Pain Balm is at hand. A troublesome corn may be removed by applying it twice a day for a week or two. A lame back may be cured and several days of valuable time saved or a pain in the side or chest relieved without paying a doctor bill. Procure a 50 cent bottle and you will never regret it. For sale by H. C. Herndon.

Prompt, courteous attention and low prices are the inducements at the Nickel store.

"I would rather trust that medicine than any doctor I know of," Says Mrs. Hattie Mason, of Chilton, Carter Co., Mo., in speaking of Chamberlain's Colic, Cholera and Diarrhœa Remedy. For sale by H. C. Herndon.

WHILE values of farm products including live stock was being reduced rapidly Bailey voted himself $100 per month for "clerk hire" in addition to the $5000 per year salary out of which he says he cannot live and save any thing. Yet he has the audacity to tell the farmers that they can buy goods cheaper now than formerly. Why can't he buy more with his big salary?

GEO. CLARK

In 1891.

How About Him Now?

From a letter written by Hon. Geo. Clark to Kos Barry, Esq, Walnut, Tex., dated May 28, 1891 we quote the following:

1. The masses of the people believe that there is inequality of government in this country, and I agree with them. They believe that money has too much power; that under the constant inspiration of government it is gradually concentrating all wealth in the hands of a few and this wealth in turn is dominating the government and making it an aristocracy. and I agree with them in this. They believe that in a few years, if the present conditions remain as they are, we will have billionaires among us whose every dollar will represent a dollar taken from the general mass, and that outside the favored few poverty and slavery will be the lot of the masses. I agree with them in this.

2. They believe the money power has already "cornered" the money market and thus evolved a serious financial stringency, which is paralyging trade, especially in the south and west, destroying values everywhere and threatening to bring ruin and desolation to all classes but the money class. I agree with them in this.

3. The farmers believe they have not had "a fair whack" gince the formation of the government. In this they are eminently correct. They know that under the guise of tariff reform they have been perpetually robbed for the benefit of manufacturers and they are tired of it.. I don't blame them for I am tired of the same business myself. They believe they have been systematically plucked by the gamblers every year, and I am not sure but what they are right, for every year the market is made to vary 40 per cent, and the variation catches the farmer generally at its lowest point when he wants to sell and at the highest when he wants to buy * * * *

The fight the people are making and intend to force is against the methods and power of Capital. They see this foe entrenched within the four walls of the senate, and they propose to cleanse this body by electing its members themselves. They see that by methods most shameful the extreme east has, under conditions produced by legislation gathered to itself the circulating medium and dictates our prices at will.

They have seen a democratic president loan 60,000,000 of government dollars to eastern banks without interest and then congratulate the country that its financial distress was relieved. when not a dollar of it ever got to the country. And they are inquiring about these things. Time and again they have seen this great govern ment rush with its money bags to the relief of Wall street gamblers when they are about to be squeezed to death in the environments of their own meshes, and the people are beginning to look into each other's eyes and wonder why the government cannot relieve them the same way, forgetting that two wrongs never make one right.

Texas throws upon the market 1,500,000 bales of cotton, as she did last year, and in three months the money is all back in the vaults of eastern banks Texans are rushing around trying to borrow some at 15 per cent interest. Why is this? Because the policies of this government for a hundred years has built up a great money oligarchy in the east, at the expense of all other sections. If the government owes a debt south it pays it through New York. The country is grooved with financial rivulets, all leading to New York, and if heaven should rain manna upon us, as it does in the shape of bountiful crops, it would all float down these rivulets and be safely gathered at the foot of Wall street.

Let us declare for an immediate return of government to its proper functions; a tariff for revenue only, and spell only with capital letters; the free coinage of silver and gold; the issue by the government of money used by the people; the abolition of national banks as banks of issue; a material amendment of our banking laws so as to authorize other security besides government bonds, together with an enlargement of the facilities for organization and security for private loans and a distribution of such currency as the government may issue ratably between the banks and states according to population. If the banks of any locality need money let them go to the government with prescribed security and borrow it. The government already keeps on hand and outstanding $346,000,000 in treasury notes. Make it $3,000,000,000 if necessary. There is no danger in it under proper limitations, and the south needs $400,000,000 extra every fall with which to market its cotton. The north and west needs more than that every season with which to market their grain, and the general demands of business need a thousand millions right now.

Cheapen money. That is the first point of attack, and when once gained the victory is already ours. By "cheapen" is not meant impairment or depreciation, but an enlargement of its abundance. The fight is hopeless so long as all the money is held by the enemy.

The Texas democratic platform and the Missouri republican platform are twins on the currency question--Globe Democrat.

Editor Democrat:

Health is not very good here at this writing. Mr. Squire Rogers is very sick, and several others on the "grunty" list.

Mr. Jim Berry was seen stepping around over town last Saturday with a smile all over his face, the cause of the smile was a 10 pound populist that arrived at his house Friday night. Grah! for the populists, they are gainig ground out this way.

Since our last writing we have had a grand revival meeting at Bethany. It lasted two weeks and closed with 36 additions to the church. Bro. Faulkner, our pastor, and Bro. Hamlin, of Plano, conducted the meeting.

Since our meeting we have organized a Y. P. S. C. E. of about 36 members. Prof. C. C. Goss was elected President; C. Forbes Vice President; Miss Lucy Will, recording secretary; Miss Mollie Choate corresponding secretary. We meet every Lord's day at 4 p. m.

Mrs. John Wylie and children come here from Missouri a short time ago. Her husband has been here for some time. They will make their future home in the Lone Star State. They are the parents of Mrs. E. C. Forbes.

Bro. Hennie Forbes, our young preacher, preached at Upper Rowlett Saturday night and Sunday.

Bro. Falkner preached here Saturday night, Sunday and Sunday night. He delivered three very interesting sermons.

Messers. Branch and Gough spoke here week before last and usual Mr. Gough got done up in our estimation but Mr. Gough done very well for a Democrat.

The new gin here is getting a long fine, they have ginned over 800 bales.

The population of Calamity City must be very weak constituted, we feel sorry for them, they aught to have a strong constitution like us.

We don't think it will be long before we have two or three weddings to record from present indications. F. E. M.
Oct. 15 '94.

"How can we face the people after indulging in such outrageous discriminations and violation of principles?--Grover Cleveland to congressman Wilson regarding the tariff bill.

Culberson thinks it inconsistent for Nugent to have supported Weaver and then say that he, personally, is in favor of a Texas confederate home. Nugent is the most reasonable man in the race for governor. He harbors no prejudice. Culberson should explain why his party traduced Weaver in '92 and then endorsed him for congress in '94.

The democratic state platform is made to catch votes and there are numerous democrats who make this acknowledgement. Voter, can you stand such flagrant inconsistancy.

Shall the party keep faith with the people of Texas? Don't fool them or disappoint them. Let makeshifts alone and courageously announce a clean cut, honest platfom! This is my position and advice. J. S. Hogg, before the Dallas Convention.

The values of farm products including live stock has been reduced one half, and official salaries remain the same. A county judge gets $1800 per year, which formerly took 1800 pushels of wheat or 36 bales of cotton to pay. Now it takes 3600 bushels of wheat or 72 bales of cotton.

If there is any favoritism it should be in favor of the man with the hoe.

Culbereon is running without a platform, but that makes no difference with him.

If democrats demonitize silver none of us will live to see another democratic administration.—McKinney Enquirer July 1893.

In a list of interviews published in the Dallas News from McKinney in '93, Cleveland was classed as being an unsound democrat. Hons. G. R. Smith, J. R. Gough, H. A. Finch and others gave such opinions. These gentlemen are now eating crow of a very unsavory character.

To The Voters of Collin County:

On Tuesday, November 6, next, you will be called upon to exercise your privileges at the ballot box. How well will you attend to that duty? Will you allow the political hangers-on, ward heelers and dead beats to continue their work of intimidation and deception? Will you longer listen to a gang whose only object is to gain spoils and further their own individual interests?

We beseech you to break loose from the old political moorings, look to the interest of yourself and fellow beings. The times are out of joint. Labor languishes without reward. It cries for help. Will you not answer kindly to the call? Upon the shoulders of Labor rests the progress and happiness of the human race. Will you not vote to lighten the burden? Every populist in Collin county should talk and distribute literature from now until the election and when the election arrives, rise early and go to the polls and work like Trojans for the whole populist ticket until the polls close. See your neighbor populists and urge upon them the the importance of attending the election and cast his vote in favor of reform in government, against fifty cent wheat, five cent cotton, business depression and the general reduction of values. These sad coditions are the result of government extravagance and duplicity. Not withstanding the products of the earth are great, yet men, women and children who labor for these results are suffering for a sufficient amount of clothing and food, when in fact they should be blessed with a surplus to lay up for help in time of sickness or old age. Gentlemen, do not hesitate to WORK! WORK!! WORK!!!

Let your voice be heard. No matter if you do live in a community whose politics are contrary to yours. You have a right to political opinion and preference. Dont be intimidated. Gather up your courage. Go to the polls and VOTE for populism.

The man reared in luxury and ease and aided by government grants and favoritism sees and cares nothing about the condition of the masses.

Courage! boys, "the time is coming when christians will vote as they pray."

THE democrat party has given relief—they have relieved the producer of his earnings without recompense.

IF J. W. Bailey cannot subsist on $5000 per year how can his clerk subsist on $100 per month and thousands of farmers on less than $200 per year?

The democrats have filled one promse. They said that they would do away with 6 and 7 cent cotton. They did it.

Hogg and his regimen howled loud about retrenchments and reform. Yet they created a lot of new offices for which the people are taxed, and squandered thousands of dollars in excess of the cost of Gov. Ross' administration.

MALARIAL POISON

Results from atmospheric conditions, unclean premises, imperfect ventilation and more frequently from the deadly SEWER GAS. A general rundown and impoverished condition of the blood ensues, and if not corrected, Catarrh, Bronchitis, and even Consumption may be the result. S. S. Mr. J. A. Rice, Ottawa, Kan., writes: For three years I was troubled with Malaria, which caused my appetite to fail, and I was so reduced in flesh, that life had its charms. I tried mercurial and potash remedies, but could get no relief. I then decided to try S. S. S. A few bottles of this wonderful medicine made a complete and permanent cure, and I now enjoy better health than ever.
